TORSO SLAYERS IN REFORMATORY AT DWIGHT, ILL.

Commence Serving 180 Year Prison Sen- tences

Blanche Dunkel and Mrs. Evelyn Smith, middle-aged partners in the murder of Ervin J. Lang, 28-year-old Chicago clerk, last night entered the Illinois State Reformatory at Dwight, Ill., to commence serving 180-year prison sentences.

Surprised as their pleasant surroundings after a two-hour automobile ride from the county jail in Chicago, they were met by a brief stop because of motor trouble, and a second stop for soda pop after Mrs. Dunkel commented that the two women were taken before a registrar, and then whisked into an inner office.

Mrs. O'Toole, a police officer who accompanied the two women, said Evelyn talked first, during the "last ride" but Mrs. Dunkel seldom spoke, and then only to answer questions.

Mrs. Dunkel, who admitted before the court that she aided Lang and backed off his last day, for his mother-in-law, Mrs. Dunkel, changed the book "better than dynamite" under her arm as she stepped into the reformatory.

The book, just published, has as its theme the belief that life in prison is preferable to death.

It is the only book in the world to be written by a woman who has been in prison.

A few minutes after she entered the reformatory, Mrs. Dunkel, who had been a victim of a series of crimes which began when her husband was arrested, and she was sentenced to the reformatory.

Mrs. Dunkel, whose ever-present smile had disappeared, amazed the guards, who were also amazed, by the book she carried with her.

Through physical examination, two weeks in the diagnostic hospital, and the services of a "classification" committee of experts will make the women what they leave the hospital. This committee, after studying recommendations of the psychologist and psychiatrist, will assign Mrs. Dunkel and Mrs. Smith to duty in the laundry, garment factory, sewing room, garden, and farm detail, or on the dining outfit.

Mrs. Smith has asked for "house work." Mrs. Dunkel refused to make public her choice.

WAVERLY MAN CHARGED WITH SLOT MACHINE GAMBLING FINED \$100

Lester Thompson, 40, Waverly, was fined \$100 and costs in Justice A. B. Opperman's court yesterday on a charge of gambling with slot machines. Thompson was arrested August 2 at Waverly by Sheriff Kenneth Woods and deputies and was arraigned in Justice Opperman's court yesterday. He pleaded guilty to the charge and was fined \$100 and costs.

Mr. and Mrs. Sam Brenner and children, 857 West State street, have returned home from Roberts Lake, Fairbault, Minnesota. Mrs. Brenner and children have spent the past month there.

Weather

For Jacksonville and vicinity: Thunderstorms are predicted for this territory today, with continued warm weather. Sunday will be generally fair and somewhat cooler.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: High, 86; current, 80 and low, 61. Barometer readings were: A. M. 30.19, P. M. 30.00.

Illinois: Generally fair in extreme south, thunderstorms in central and north portions Saturday; continued warm Saturday. Sunday generally fair in central and north, thunderstorms in extreme south, somewhat cooler.

Indiana: Generally fair in south, thunderstorms in north, somewhat warmer in east portion Saturday. Sunday fair in north, west, and south portions, somewhat cooler in east and south portions.

Wisconsin: Partly cloudy in north, local thunderstorms in east and south portions Saturday; Sunday fair, with much change in temperature.

Missouri: Somewhat unsettled, scattered thunderstorms in northeast portion, somewhat cooler in west portion Saturday. Sunday generally fair, somewhat cooler in east and south portions.

Iowa: Generally fair Saturday and Sunday, except thunderstorms in extreme east Saturday morning; slightly cooler in west and south portions Saturday, somewhat warmer in central and west Sunday.

ETHIOPIANS TO SEEK CREDITS FROM JAPANESE

Former Foreign Office Official Leaves On Secret Trip

Addis Ababa, Aug. 9.—(P)—A one-man Ethiopian mission hastened toward Japan tonight, presumably in an effort to secure credits for the purchase of war supplies, another indication of the developing bonds between the two countries.

He was Daba Birrou, former foreign office official, who departed on his secret trip accompanied by an unidentified Japanese.

News of their departure led to speculation as to whether Emperor Haile Selassie, cut off from the remainder of the industrial world, was turning to official friends for arms, money, and provisions sorely needed to prepare the country for an expected conflict with Italy.

It was said Birrou would attempt to gain at least 50 per cent credit from Japan for the expected purchases. This made observers wonder if the emperor and the Japanese had worked out a secret understanding for Japanese economic expansion in Ethiopia, and the safeguarding of any capital Japan may stake on the side of Ethiopia.

Japan has announced plans of establishing a legation here, possibly by Jan. 1. Birrou, it was said, may establish an Ethiopian legation in Tokyo.

The emperor's war council, confronted by stocks of only about 11,000,000 rounds of ammunition, was reported to have decided upon the alternative measures for their conservation.

Informal quarters said a plan of strategy has been worked out by which the Ethiopians would resort to guerrilla warfare in the mountains, constantly harassing the enemy, especially at night. They will attempt to wear down the expected Roman Legion, while nature in the form of burning sands, little water, and the rough terrain is expected to aid the Africans.

Clipper Plane Starts Journey To Honolulu

On Third Flight To Wake Island, 5,000 Miles Out In Pacific

Alameda, Calif., Aug. 9.—(P)—The Pan-American Airways' Clipper plane was 265 miles out from the Golden Gate at 5 p. m. today in its second day of a 10-day journey to Honolulu.

The clipper headed west for Honolulu enroute to Wake Island, 5,000 miles out in the Pacific in the third of a series of pioneering flights to link America and the Orient by air.

The 10-ton plane took off from its base at Alameda at 3 p. m. today, after a 15-hour standard time and speed over the Golden Gate, five minutes later, its four motors purring smoothly.

The clipper was Captain R. O. D. Sullivan, who was the second in command under Captain Edwin C. Musick on the first two hops to Honolulu and return, and Midway Island and return.

A few moments before departure time, Captain Sullivan received weather reports, indicating flight conditions were "favorable" over the entire route to Hawaii.

"We won't try for any speed records," he said as he prepared to step aboard the gleaming duralumin craft. "We should make it in about 18 hours, according to our flight project schedule."

He said his seaplane would fly at a high altitude most of the way, seeking variable weather conditions.

Confesses Part In 40 Cent Holdup

Kansas City, Aug. 9.—(P)—Detectives Harvey Gray and Fred Ennis said tonight Archie Miller, 23, arrested here today, had confessed a part in the 40-cent holdup slaying of Jerry Cronin, Pittsburgh, Kan., filling station operator, nearly a year ago.

Miller, they said, named George Gimes, 33, of Pittsburg, as the actual slayer.

Officers said Miller told them he was married to Marie Hays, 19, of Peoria, Ill., here Aug. 3, and thought at first he was being arrested on a charge of abduction as he had not obtained the consent of the girl's parents to bring her to Missouri.

REAL ESTATE TRANSFERS
Mary L. Taylor to Jennette Taylor Hemphill, at all parts of lots one and three in Block addition to Jacksonville, \$1.

Ruby Ahmeda Smay to Marian A. Smith, part of lot two in Block three in Lorton & Keddes' addition to Jacksonville, \$1.

Pittsburg callers here Friday included Miss Nell Sullivan.

Admit Fat Fees From Utilities in Lobby Probe

Receipt of rich fees from utilities in the fight on the administration holding company bill was admitted by these two former government high-ups, Joseph Tumulty, left, and Patrick J. Hurley, right, shown by the candid camera as they appeared before Senate lobby probes in a hectic session. Tumulty, secretary of the law firm received \$100,000 from Associated Gas & Electric in the last three years. Tumulty, former secretary to Woodrow Wilson, admitted he had been paid \$32,000 by utilities to fight the bill.

Workers Who Refuse WPA Employment Will be Taken Off Relief Roosevelt Says

Mrs. Evelyn Smith Has Mentality of 11 Year Old Child

Chicago, Aug. 9.—(P)—Dr. Harry Hoffman, head of the Cook County Behavior Clinic, who examined Mrs. Evelyn Smith shortly before her death, said she had the mentality of an 11-year-old child.

Dr. Hoffman's findings, he said, were based upon the standard Binet-Simon Intelligence test, in which he gave her a rating of 80. He said he attempted to examine Mrs. Evelyn Smith, who was 26 years old, but that she was too stupid for the test to be regarded as effective.

There have been many protests against the scale, which will apply to about 2,500,000 of the 3,500,000 jobs Mr. Roosevelt hopes to supply with the \$4,000,000,000 relief appropriation.

Mr. Roosevelt reiterated today his argument that the wages were the best that could be paid under the circumstances.

These jobs, he said, were intended to replace the jobs because he believed direct relief was bad for the morale of the people. He added that work relief employment was supposed to be only temporary, to last until private jobs were available, and that there was no compulsion on any one to accept the employment.

The testimony of Mrs. Louise Schaeffer Bauer, widow of the slain man and former sweetheart of his alleged slayer, was read to clarify points her near collapse left obscure in previous testimony.

John Bender, clerk of a west side hotel where Zenge allegedly stopped before proceeding to Ann Arbor, Mich., testified. Another hotel clerk, Louis Krohn, who supposedly saw Zenge after he left a hoax suicide note in a cab at Navy pier, was another witness.

Previous witnesses told the jurors Zenge was the man who ran from the car in which Dr. Bauer was left bleeding to death, prosecutors said.

M. W. ZENGE INDICTED BY GRAND JURY

Held For Mutilation Murder Of Walter J. Bauer

Chicago, Aug. 9.—(P)—On the basis of what prosecutors termed one of the strongest chains of circumstantial evidence in their experience, the grand jury for the mutilation murder of his rival, Dr. Walter J. Bauer.

Assistant State's Attorney Charles S. Dougherty and Edwin J. Spire indicated the true bill, voted after the grand jury had heard four additional witnesses would be returned before acting chief justice, Cornelius J. Harrington in criminal court Monday.

Zenge, who has been a prisoner in the county jail on a first degree murder warrant, continued to maintain his adamant calm and steadfast protestation of innocence. He will probably go to trial in the September term.

Shortly before the grand jury's action became public, William Leinert, a cab driver, entered the grand jury room closely guarded by detectives.

Leinert was seized by Zenge 48 hours after the Kinsville, Mo., osteopath and chemist died from a crude ruse operation. Prosecutors said Leinert's testimony was "satisfactory."

The testimony of Mrs. Louise Schaeffer Bauer, widow of the slain man and former sweetheart of his alleged slayer, was read to clarify points her near collapse left obscure in previous testimony.

John Bender, clerk of a west side hotel where Zenge allegedly stopped before proceeding to Ann Arbor, Mich., testified. Another hotel clerk, Louis Krohn, who supposedly saw Zenge after he left a hoax suicide note in a cab at Navy pier, was another witness.

Congress Grants Roosevelt Authority to "Safeguard" Millions in Their Old Age

By Nathan Robertson Associated Press Staff Writer

Washington, Aug. 9.—(P)—Congress today granted the Roosevelt administration authority to embark on the most extensive social experiment ever conducted in the nation, intended to safeguard millions in their old age and in times of stress.

The grant of power was extended in the social security bill, which received final congressional approval in the senate without even the formality of a record vote. Thus ended seven months of turbulent debate and back-stage negotiation.

At his press conference a few minutes later, Mr. Roosevelt hailed final passage of the bill as good news, threatening early approval of this major piece of his legislative program.

Recorded by President Roosevelt as the most important of all his legislative proposals, the bill not only would steer America on a new social course, but would impose the greatest tax burden ever approved by congress.

It would provide old age and unemployed benefits for an estimated 25,000,000 workers and appropriate millions of dollars for aiding handicapped mothers and children.

President Roosevelt recommended it last January to secure the men, women and children of the nation against certain hazards and vicissitudes of life.

The senate's calm approval of the measure today was in striking contrast to the bill's long and controversial course. The only point at issue was the Clark amendment to exclude private pension plans, and even its author, Senator Clark (D-Mo.) acquiesced in the elimination of the amendment.

Seattle, Aug. 9.—(P)—Despite hints of possible protest, a Japanese "Mikado" and "Emperor" were burlesqued together today in a "fox hunt" staged for fun.

Sponsors of the event minimized the possibilities of the burlesque, but a guarded statement came later from a spokesman at the Japanese consulate.

"You Americans can understand that it is a humorous matter," he said. "The Japanese, however, might consider it as bad taste at best."

The Japanese consul, Ichikawa Otsu, was not at his office this morning, the spokesman said. He arrived at Seattle only a short time ago to take the post, succeeding Kiyoshi Uchiyama, transferred to Manila.

Japanese protested last week against a caricature, in "Vanity Fair," portraying Emperor Hirohito holding the shafts of a small carriage bearing a scroll labeled "The Nobel Peace Prize." The Japanese contended it showed the emperor in a mental position—drawing a jiriki—his—the magazine editor pointed out that it was intended to be a gun carriage, materially altering the emperor's position.

The incident brought forth apologies—that no insult to the Japanese monarch was intended.

In the fox (coyote) hunt, put on by members of the Capital Hill Commercial club as a humorous affair in a quiet residential district shortly after dawn, a club member representing the "Mikado" arrived in regalia and trappings pulled a jiriki, bearing another member described as an "Emperor."

The part of the "Mikado" was played by J. A. Hubbard, an insurance man, and that of "Hatsue Selassie" by C. G. Dean, a business man, Hubbard sported flowing robes. Dean, black-faced, carried an armful of rusty guns.

Another member of the club, Ray Plummer, a bank employee, was attired as a "Mussolini." He indulged in humorous repartee with Dean.

"It was a humorous stunt," said Hubbard after the coyote hunt, "one in a case in woods back of St. Mark's Cathedral" had been "hosed."

Los Angeles, Aug. 9.—(P)—Sparks will fly when old mother earth, wobbling along its orbit at 19 miles a second, goes through a cloud of celestial dust this weekend.

This cosmic cloud, an oval ring whose long diameter is several billion miles, is whirling at some 50 miles a second.

The result of the contact will be a series of "shooting stars," the most unusual display of "shooting stars," the perished meteors.

These are swift streaks of golden fire, persons who stay up after the setting of the moon—that's after midnight—may expect to see 60 or 70 meteors an hour. Saturday, Sunday and Monday nights are expected to be the best shows this year.

Look to the north for them. They came from the direction of the constellation of Perseus. Hence astronomers call them "perseids."

Astronomers say that each of these "shooting stars" is but a grain of cosmic dust. It explodes and burns up with a temperature of 800,000 degrees caused by the friction of striking the earth's atmosphere at terrific speed.

George P. Hanna Gives Sheriff Some Lessons

New Madrid, Mo., Aug. 9.—(P)—A sheriff who "took lessons" in hanging that he might perform his duty in a "business-like manner" will execute two men here August 16—with borrowed rope.

Sheriff Sam Harris never has witnessed an execution, much less officiated, yet, by court mandate, he must send Roy E. Hamilton and Eddie Gayman to their deaths for the slaying of Arthur Cashion, filling station attendant.

In preparation, he took a "course of instruction" in hanging from George P. Hanna, Epworth, Ill., professional hangman.

He also borrowed Hanna's steel trap and manila rope.

TO CANADA
Miss Nell Price of this city and her house guest, Mrs. H. W. McCullough of Oklahoma City, Okla., will leave today for Toronto, Canada, for a visit of a few days.

EMPERORS ARE BURLESQUED IN SEATTLE HUNT

Might Be Considered As Bad Taste By Japanese

Seattle, Aug. 9.—(P)—Despite hints of possible protest, a Japanese "Mikado" and "Emperor" were burlesqued together today in a "fox hunt" staged for fun.

Sponsors of the event minimized the possibilities of the burlesque, but a guarded statement came later from a spokesman at the Japanese consulate.

Crying Need is Projects

According to relief officials in Morgan county, the crying need is for projects. That is one of the main things holding up the transfer of persons on relief roles to Works Progress Administration projects.

Several suggestions have been made, and undoubtedly some action will be taken on those suggestions. It has been suggested that a project be made out of erecting a new dam to increase the city's water storage capacity. Various street and sewer construction and repair work have been suggested, along with filling in the Greek Theater, creating a through street along the brook to relieve cross town traffic and many others.

A suggestion was made the other day that it might be possible to make projects out of the construction of a public bathhouse, containing showers, similar to projects worked out in other cities. It also has been suggested that wading pools be built for the children, and that a swimming pool be constructed for the use of colored citizens.

All of these projects are worthy of consideration, but without plans and specifications, and a statement of the city's and county's ability to participate in these projects, from a financial standpoint, little hope can be held here that the much needed improvements will ever reach the stage of construction.

Both city and county are equipped with engineers prepared to draw up plans; they are awaiting instructions from their employers.

There is another side to the story. Neither city nor county administrations have received full information regarding the Works Progress Administration. All that is known is that the federal government will send men into a community to investigate the need of proposed projects, and that the government will make a grant of so much money, up to 45 percent of the cost, depending upon the local administration's ability to pay. City and County administrations can not be blamed for hesitating to plunge into expenditures which may become burdensome. It is their duty to spend the money raised by taxes wisely.

Therefore, it seems that the time is ripe for a city planning commission, and the same sort of organization for the county, to work out some projects immediately in order to take advantage of the opportunity presented. The planning commission should make the suggestions to the administrative body, and if approved by these bodies, carry them on to the engineers.

Congress And The Country

United States Senator J. Hamilton Lewis of Illinois spoke on that subject not long ago on a national radio hook-up from the capitol. To persons who believe that all New Deal legislation is dangerous to the welfare of the country, that citizens will be robbed of liberties by every measure, that the country is going to the bow-wows with the brakes released, his remarks were truly startling.

J. Ham Lewis is not a "yes" man. He goes along with the administration at times, and at others asserts himself in direct opposition to some of his closest colleagues. The senior Senator from Illinois is rated as an independent thinker by many voters of each major political faith. Yet Lewis does not agree with alarmists that the Congress now sitting in Washington is going to wreck the country. His remarks carried a definite note of assurance that Congress is not the monster it has been pictured.

"Let me remind the Nation that this present session of Congress has carried to conclusion legislation the most important and far reaching in its effect on the destinies of the American people, than legislation of any session of Congress in peace time since the Civil War between the States," Senator Lewis began his address.

He paid particular attention to tax

measures that have come before Congress. Continuing he said: "You are now again in the shadow of a new cloud caused by the general belief that a tax bill proposed is to carry to final destruction all the possessions of the citizen done under the processes of tax appropriation and working confiscation by the processes of taxation."

"I inform you, the people, that the leaders of Congress of all political parties are not the manner of people who would destroy their own constituents, rob their own citizens of prosperity, defeat their own prospects for return to power and finally rob themselves, their families, and their children of all their possessions. This would have to be done if they work such an infliction upon their fellow citizen as is now expressed in the fears of many of our people."

"I inform you that the tax bill, when it comes forth in final law, carrying the approval of President Roosevelt, will be so adjusted as to apply only to the excess beyond the immediate needs of our citizens and in no wise go further than the citizen himself would have been willing to pay in his own contribution to that which is being paid for the relief of the needy and oppressed citizen, his fellow countryman."

Views of The Press

Tennessee Remembers Bryan
Tennessee still stands by the Bible. At Dayton last week they held a special observance of the tenth anniversary of the famous "monkey trial" which brought William Jennings Bryan, Clarence Darrow and a group of the intelligentsia there at that time to decide whether Mr. Scopes, a young school teacher, should go to jail for teaching evolution.

It was an historic trial, as newspaper readers well recall. At the university observance Bryan was praised for his last stand for fundamentalism. Speakers recalled how he upheld the Genesis account of creation against the theory of evolution. Everywhere the believers in the literal interpretation of the Bible regarded him as their champion and esteemed this final act of his brilliant career as his greatest.

Mr. Bryan liked Dayton well enough to stay there several days after the trial and death took him suddenly there before the state supreme court reversed the conviction on a technicality although upholding the constitutionality of the law.

FOR BABY'S BENEFIT

Invention of a new safety pin which flies instead of open has aroused the enthusiasm of Will Rogers, who claims they are so safe they can be fed to the babies with a dish of oatmeal. Will should watch the evolution of this safety device carefully. An improvement is promised which enables the pin to pick up a napkin at a strategic point and hang it on the line.—C. F. Skirvin, in Santa Ana, California, Journal.

Decency Prevails

It is more than a year since the Legion of Decency launched its frontal attack on screen salacity. The fire of the crusade has died down and most of us have forgotten all about it.

But think back over the pictures you've seen during the past year, and you'll remember an unusually high percentage of clean entertainment.

One Father Donnelly paid an unusual tribute to Hollywood co-operation in this campaign when he wrote recently in a Catholic magazine that

"... the producers have lived up to their promises with admirable fidelity... they have shown a splendid spirit of co-operation with the official leaders of the Legion of Decency."

That is high praise from such a source. Yet none of the producers have gone broke. That would seem to indicate that the public will support clean pictures if they're good enough. Maybe we've all learned something after all.

The Last Long Mile

Men who slogged the long roads of France in 1918, and even those who pounded the native variety under an army pack, will get a kick out of the announcement that the First Army, moving to New York's Pine Camp for maneuvers, will be carried in taxicabs. Lack of regular truck transport facilities has made it necessary, Maj. Gen. Dennis Nolan says.

Well, the first Battle of the Marne was won by the Paris taxicabs, which were mobilized to carry Gallieni's men out and throw them into the breach in the German lines so near to Paris. Maybe General Nolan has something like this in mind. The American taxi will do a better job than the wheezy antiquities which moved Gallieni's men, though that job was good enough.

But the boys who sang "The Last Long Mile" at Plattsburg in 1917 and in hundreds of other camps later, will be inclined to recall, and to parody: "It's not the hike on the hard turn-pike That wears away your smile! For it's far, far sweeter To watch a clicking meter On that last, long mile!"

E. H. Roegge of Mercedonia was a business visitor in Jacksonville Friday.

ON THE HORNS OF A DILEMMA

Behind The Scenes In Washington

There's Valid Reason to Say Congress Isn't Competent to Legislate... "We're Dubs," Admits Huddleston and Then Comes Close to Proving It... House Pays Cohen a Shining Tribute by Distrusting Him.

By Rodney Dutcher
Journal-Courier Washington Correspondent

Washington—There is a theory, more popular on Capitol Hill than elsewhere, that Congress is competent to legislate.

The fact is that no congressman actually has the time—and very few have the capacity—to understand any really big-scale problem. The exceptions to that are men who take years to study a particular issue—such as Cordell Hull studied the tariff or George Norris the power problem.

I remember that Congressman George Huddleston, of Alabama, said to me several years ago: "Most of us are dubs. Most of us are controlled by certain interests or certain persons back home."

Yet it was Mr. Huddleston who introduced a resolution, passed by a narrow majority of "dubs" who had been exposed to the most expensive lobby ever known in Washington, which ordered him and other House conferees on the public utility bill to insist on barring from the House-Senate conference Mr. Ben Cohen, who drafted the original bill and is counsel for the National Power Policy Committee.

Slap in Senate's Face
The vote was a spectacular event because it was without precedent and because it reasserted that somewhat battered theory that Congress is competent to legislate without outside aid.

It also merits special attention because it was a slap in the face for the Senate, whose conferees insisted on Cohen's presence as their technical adviser while they sought to compromise the House and Senate bills with the House conferees.

Congress long ago hired a legislative drafting service whose seven members are now swamped with dumb bills which congressmen insist on introducing.

The obvious need of technical experts in framing tax and tariff legislation has long been recognized and it has been customary to call in government sharks to aid members trying to work out bills in conference.

Cohen sat with House conferees on the securities and stock market acts. AAA attorneys Prew Savoy and Tel Taylor have been constantly with the conferees on the AAA amendments, and so on.

If this were not customary, congressmen would just get all gummy up and find themselves inserting seemingly innocent jokers contributed by private interests outside.

Cohen Knew His Subject
The House had revised the Senate holding company bill so that the Securities Exchange Commission, charged with administering the act, insisted controversial sections 11 (substitute for the "death sentence") and 13 were unworkable.

Giving SEC discretion to dissolve some holding companies and preserve others sounded like an unconstitutional delegation of power which would throw the act into years of litigation as well as bring on possibly irresistible pressure against SEC.

Cohen, the New Deal's outstanding legislative draftsman, had spent months of days and nights studying a subject so complex that some holding companies can't

even explain their own structures. He knew so much more about the bill than anyone else that senators relied on him to help them devise a workable bill in conference and to spot any jokers suggested by hostile House conferees, who included Huddleston, of Alabama, and two Republicans who had voted against the bill.

Checkmated Wall Street
But Cohen is celebrated here for drafting a securities act which was virtually the first big act which Wall Street lawyers, even for fees of hundreds of thousands of dollars, couldn't get around.

It used to be a congressional custom to pass regulatory, tax, and other laws through which the giants of industry and finance galloped like a herd of stampeding elephants.

But here was Ben Cohen again, a government employee making less than \$10,000 a year, pitted against lawyers and lawyer-lobbyists to whom holding companies had paid hundreds of thousands of dollars, with another measure which before the House operated on it—had also seemed bulletproof.

The House, by and large, distrusts "brain trusters" because it distrusts brains. So Huddleston was able to capitalize on that prejudice to the extent of persuading the House to smother the Senate and repudiate previous procedure and brains in the government service at the same time.

All in all, the House demonstrated a fear of Mr. Cohen which was the finest tribute paid here to a "brain truster" in many long months.

MR. AND MRS. MOORE

ARE VISITING HERE

Mr. and Mrs. Bernard Moore, who have been in Germany for the past few years, are visiting here at the home of Mrs. Moore's parents, Mr. and Mrs. William Devlin, of 503 East Beecher.

Mrs. Moore, whose husband is employed by the International Harvester company in Germany, refused to comment on affairs in Germany for publication, other than to state that many of the things published in the American Press are greatly exaggerated.

Rev. C. W. Andrew is Called by Church

McKendree Chapel Asks Same Minister Be Assigned for Another Year

Concord—Rev. C. W. Andrew received an unanimous call for another year by the members attending the fourth quarterly conference held at McKendree Chapel on Sunday, August 4. He has served as pastor of this charge seven years. Rev. Andrew is now beginning a two weeks' vacation and there will be no service except Sunday School at 10:00 o'clock each Sunday for the two weeks.

Mr. and Mrs. Ell Surratt, of Jacksonville, are visiting at the home of their daughter, Mrs. Sam Havens. Mr. and Mrs. Sam Havens and family visited Tuesday at the home of Mr. and Mrs. Shinnabarger, in Mercedonia. Mrs. J. B. Bundren, of Shelbyville, is visiting Mr. and Mrs. George E. Bundren at the home of Rev. and Mrs. C. W. Andrew.

Mrs. Ethel Nergenah, of Springfield, was the guest of her mother, Mrs. Sarah McGinnis, and family on Saturday.

Mr. and Mrs. L. W. Becker, of Clinton, spent the week-end at the home of Mr. and Mrs. A. D. Haist.

Mr. and Mrs. A. R. Wassel, of Augusta, visited on Monday with Rev. and Mrs. C. W. Andrew.

Chas. Heiner, of Springfield, visited at the home of Mrs. Sarah McGinnis on Saturday.

Mr. and Mrs. G. E. Beesley, Jr., of Smith, and children and Mr. O. Smith drove to Mercedonia and Beardstown Sunday afternoon.

Miss Glenna L. Plank came home Tuesday evening from a short visit with her sister, Mrs. Ethel Nergenah, in Springfield.

Donald McConnell and friend, Miss Louise Floyd, of Springfield, came to visit his grandmother, Mrs. McConnell, several days.

Hubert Waster and son, Robert W. of near Sinclair, were visitors here on Tuesday, on their way to Jacksonville.

Camp Commander Brings Bride to Jacksonville Home

Lieut. Merriman Honey-moons While Directing Rookie Contingents

A romantic touch has been added to the establishment of the Civilian Conservation Camp in Jacksonville by the wedding of the commanding officer, Lieut. F. L. Merriman, and Miss Jeanette Schutz, of Rushville. Lieut. Merriman and his bride have arrived here from Rushville where they were married last week, and are residing at No. 8 Duncan Place.

With the new commanding officer in charge and recruits arriving daily, the big camp on Caldwell street is humming with activity. Roll call Friday morning found 180 men in camp with ten more due to arrive during the day.

Two weeks ago but 30 boys were in camp, an advance guard assigned to getting the camp site ready for occupancy. The camp then tripled its population with the arrival of 90 men from Rushville. Fifty came in Wednesday from Canton and 40 checked in Wednesday night from Canton. Ten others were enroute here yesterday from various points.

Most of the boys who have reached camp this week are recruits, and are going through the usual army routine of physical examinations and vaccinations. This work is in charge of Lieut. I. Schuman, the medical officer.

On arrival each recruit is given a thorough examination, then "shot" for smallpox and typhoid. The boys are given a day's leave from duty while undergoing this treatment.

Officers now in camp are Lieut. Merriman, the commandant; Lieut. C. C. Clavin who has had charge of the advance detail during the early part of the summer; Lieut. C. Fleischer and Lieut. I. Schuman.

A bugle call each morning starts the boys on their daily program. Most of them are working on soil erosion projects on Morgan county farms. Large army trucks convey the men to the scene of work. A detail of about 25 men remains in camp to keep the kitchen and other necessary departments going.

Building activities are expected to start at camp any day. Barracks and a recreation hall already have been contracted. Four barracks 140 feet long and 20 feet wide will be built on the west side of the tract on Caldwell street, near the Chapin hard road. The recreation hall will be even larger but the same in width, all buildings being the same style of architecture.

With the camp now composed of nearly 200 men, a definite program of recreation and entertainment for after work hours will be put into effect within a short time. The Jacksonville Chamber of Commerce is co-operating with camp officers in arranging an entertainment for next Tuesday night.

A recreation director is expected to join the camp staff within the next few days. Athletic teams will be organized to compete against both local teams and those from CCC camps in other communities.

Prof. H. J. Lennox Talks to Rotarians

Federal Relief is Deadly Thing, States Speaker

"Federal relief is the deadliest thing that ever hit this country," declared Prof. H. J. Lennox, in an address at the regular meeting of the Jacksonville Rotary Club Friday. Professor Lennox, was a member of the relief staff in Cook county for several months and is thoroughly familiar with the inside workings of the organization.

He declared that he believed the greatest problem facing the American people today is to save labor from becoming pauperized.

"I believe that every man should be required to work for the food, rent and fuel he obtains from the government," Professor Lennox added.

He stated that those on relief in Chicago, in the territory in which he worked, are not communists, they certainly must be classed as paupers. Thousands of men are satisfied with receiving a small amount from the government and do not care to work, while others would rather work than receive aid from the government.

Guests of the club yesterday were: J. A. Ayers, Jacksonville; B. L. Brandon, Decatur; and Harold Stephens of Orlando, Fla.

Fox and Coon Hunt Set for Next Week

Races to Be Held at 8 P.M. and 3 A.M.; Will Meet in Rees Grove

With races scheduled for 8 p.m. and 3 a.m. members of the Morgan County Fox and Coon Hunt club will gather next Tuesday, Wednesday, and Thursday in the Rees grove for their annual chase. Sportsmen from all over this territory are expected to witness the races.

Chases have been scheduled for each evening at 6 o'clock, and the first heat of the race for all races will be held at 8 o'clock Wednesday morning, and the finals will be held at the same hour Thursday. There will be a daily program of sports in the afternoon, with speaking and music each evening.

The meet will be climaxed by a bench shoot Thursday afternoon, with Purl Skaggs of Decatur acting as judge.

Officers of the organization are: W. S. Seymour, president; Logan Elliott, Waverly, vice-president; Charles W. Foster, secretary; Milford Rees, treasurer.

WILL ROGERS SAYS:

To the Editor of the Jacksonville Journal:
Juneau, Alaska, Aug. 9.—This is Juneau, the capitol of the whole territory of Alaska. The governor is a nice fellow, a democrat but a gentleman. In their government there is 16 congressmen and eight senators. Fifteen of the congressmen are democrats and all the senators. It's about the nearest to an ideal existence you can get. The chamber of commerce will shoot me for this but I been buying rain coats since early morning. We are going to Skagway now and see the famous Chilkoot pass. We will do it in ten minutes and it took the pioneers two and three months. (Copyright, 1935)

Hoist Large Barge From River Bottom And Salvage Wheat

Save Two Thousand Bushels from Cargo That Sank Near Naples, Ill.

Beardstown—Two thousand bushels of the six thousand two hundred bushel cargo of wheat which went down when the Hulet barge sank in the Illinois river near Naples this week after hitting a snag has been taken from the river bottom by Curtis Logsdon and his sons by use of a suction pump. The salvaged grain has been spread over the short stretch of concrete road at Fifteenth and Wall streets and is being dried out successfully.

The wheat has been spread to a depth of two or three inches along the quarter mile stretch of concrete road, which was abandoned when the state eliminated the sharp curve in the highway at Fifteenth street. Motorists and Beardstown citizens became aware of the operations to dry the wheat Thursday because of the unusual and rather unpleasant odor which could be detected for blocks in the vicinity of the Hollywood skating rink and the city farm. A number of men were kept busy throughout Thursday and Friday turning the grain, taking rakes and a small harrow. Mr. Logsdon said Friday morning that the wheat is drying out and will soon be in good shape. With the grain selling at 90 cents a bushel it is worth saving.

Fish Eat Much Grain
Mr. Logsdon said that he had been unable to salvage any more of the grain because much had been eaten by the fish and a great deal had floated away. The kernels swell in the water and then float.

The wheat was dumped into the water when a barge 100 feet long and 22 feet wide, in tow of the Nancy, one of George Hulet's boats, struck a snag in the river. The snag went through the upper deck of the heavy barge, which sank quickly, turning upside down as it went under. This means the barge had to be in very deep water at the time it hit the snag. Mr. Hulet's men and others were able to raise the barge to the surface after many hours of work. It was first necessary to turn the barge over on the bottom of the river and then raise it by means of large hoists.

RESIGNS POST

Nanking—(AP)—Wang Chun-Wei, 30, Nationalist government premier and foreign minister, resigned today because of illness.

This resignation went to the Kuomintang (Nationalist government party) central executive committee, which appointed him, and to President Lin Sen.

Wang is bed-ridden at Taingtao, Shantung province.

HOLD ROBISON RITES FRIDAY AFTERNOON

Funeral services for Mrs. Rosie Robison were held at 2:30 o'clock Friday afternoon at the Gillham Funeral Home, in charge of Rev. J. Blaine Walker, in the McCabe M. E. church. Interment was made in Jacksonville cemetery.

Casket bearers were Willis Rose, Floyd Clark, Fred Thorpe, Nobel Turner, Milton McKike and Frank Black.

25 BUSHELS TO AN ACRE

Guy Seymour near Franklin threshed a field of wheat this week that averaged considerably better than most patches. Ten acres averaged 25 bushels to the acre and tested 60 pounds.

Big Apple Packing Shed Being Built In Jersey County

Largest Apple Crop in Years Now Nearing Maturity; Other Jersey News

Jerseyville—One of the largest apple packing sheds in this part of Illinois is being built at East Hardin by the Treen, Yanes and Wagner Commission Company.

The Staunton Tie & Lumber Company, of Jerseyville, has contracted to furnish five carloads of lumber to be used in the construction of the packing unit.

The largest apple crop in the history of Calhoun and Jersey counties is approaching maturity and only a few weeks will intervene before the packing of the Jonathan and Grimes Golden begins.

Picking of Elberta peaches in Jersey county will start about the twenty-fifth of this month Harry A. Luer, local orchardist, reported Thursday noon.

Luer stated that he is marketing early varieties at the present time but it will be nearly three weeks before the Elberta crop is ready for the market. The early crop from Luer's orchard is being marketed in Jersey and Madison counties.

Confer With WPA Head
County Superintendent of Highways Eugene Witt, William Kadell, R. L. VonFossen and John Varney, members of the county board Road and Bridge committee motored to Peoria Thursday to confer with Mr. McElwee.

director of the Works Progress Administration in his district, and Chief Engineer Hunt relative to the WPA program in Jersey county.

Three projects submitted from the county have met with approval of the district office and are awaiting final approval in the Chicago office.

The projects submitted are as follows: No. 1—Two miles of gravel on State Aid Route No. 3, near the Dugan corner in Jersey Township.

No. 2—Two miles of gravel on State Aid Route No. 2 from Nutwood to Otter Creek landing on Illinois river.

No. 3—One mile of gravel on State Aid Route No. 3 from Otterville.

The projects call for 100 men for a period of three months.

Find Old Penny
A copper penny dated 1827 was found this week by Miss Thaus Bates at the Bates farm in the Paradise vicinity. The coin was an old style large one and was found on the site of an ash pile.

There will be a large crop of black walnuts in Jersey county this fall according to reports from the low lands acres of creek and river districts, where the trees grow to largest proportions.

Hickory nuts, pecans and butternuts also show promise of a substantial crop in most localities. Butternut trees have become very scarce in the district and pecan trees are also gradually dwindling in numbers.

State Fair Auto Race Big Affair

100 Mile Event Slated for Last Day of Fair; Three Machines Entered

Springfield.—Entries for the Illinois State Fair's 100-mile national championship AAA auto race received to date form a trio from three widely separated states indicating the big event will be an "All American" affair.

The big speed sortie is slated for Saturday, August 24, the final day of the fair and with entry blanks just recently mailed out already Gene Haustein, Detroit, Mich.; George Barringer, Houston, Tex., and Overton Snell, Afton, Mo., have made entry for the century classic.

Haustein and Barringer were entered here last year, with Barringer running in second place for many miles as a team-mate to Wild Bill Cummings, present national racing champion. Snell is a newcomer, who had his car entered at Indianapolis this year. He is in the garage business at Afton. Haustein and Barringer follow the game continually.

Gentleman Gene drove relief for Ralph Hepburn at Indianapolis this year, being credited by the veteran as responsible for Hep's fifth place showing there.

Meanwhile speculation is rife as to whether Billy Winn, last year's victor, will compete at Springfield or live up to his threat to retire and go in for show horses. Winn owns Richfield, the big black five-gaited stallion, and two Miller race cars.

Marvin Ommen represented the Chapin community here yesterday.

Relief Officials Receive Details of WPA Organization

Workers Will Be Certified to NRS and Then Put on WPA Projects

Details of the method which will be followed in assigning persons now on relief rolls to Works Progress Administration projects were explained to relief heads of the counties working under the Peoria district at a meeting in the Hotel Marquette at Peoria on Thursday. Although plans have not been completely decided upon, the skeleton of the organization which will handle the vast program has been set up.

Persons on relief under the Illinois Emergency Relief Commission will be certified to the National Re-Employment service, and classified according to trades. When projects are approved and the Works Progress Administration is ready to assign workers to projects, the workers will be selected from the list on file at the National Re-Employment Service office.

There will be several divisions to the WPA projects, and heads of some of the divisions have been named. They include Lawrence Jones, who will be the director of professional and technical projects, involving persons now on relief who have been accustomed to professional and technical work. Jones will have his headquarters in the Peoria office.

Provide Liaison Officer
A new office, that of liaison officer, has been created to aid the relief workers in keeping in touch with the individual workers following up the social service angle. Miss Martha Phillips, former director of personnel of the Illinois Emergency Relief Commission, has been appointed to the position and will have the aid of director of intake and certification. She will serve as a means of communication between the Relief Commission, the Re-Employment Service and the Works Progress Administration.

Frank V. Gilck presided over the meeting at Peoria, and introduced as speakers Major A. R. Lord of the IERC, who represented R. J. Dunham, director of the state relief work. A. Mr. McElwee and his assistant, Harlan Hunt, also addressed the gathering.

The aim of the WPA is to provide funds for paying the workers, with communities securing the money to pay for materials for the various projects. Communities will not be required to furnish funds for all of the material used on the projects, however, but there has been no definite percent stated as the amount the federal government will contribute.

Mrs. T. J. Kelly, director of the IERC office here, and Miss Mary Norris, statistical clerk in the IERC office, Ralph D. Easley of the National Re-Employment Service and George Edwards, his assistant, attended the big black five-gaited stallion, and two Miller race cars.

Arthur Smith of the Little Indian neighborhood was a caller here Friday.

P.T.A. Urges Use of Movies in Classes

Visual Education Stressed by Association; Slides are Found Valuable

The department of visual education in the Parent-Teacher organizations in the district and throughout the state is actively interested in the promotion of the slide and screen in the classroom work.

The local societies are asked to consider this modern form of study and when possible to co-operate with school boards in installing projectors in class rooms.

According to the state chairman, Mrs. Chester Greene, many thousands of dollars of the tax payers money is being wasted annually because schools do not make full use of the motion picture. To some teachers this method is the most popular for use in many subjects.

The chairman reports that visual instruction has increased in the past year and many schools have given this work one hundred percent co-operation. Many associations have bought projectors and presented them to the individual schools and in other instances groups have purchased the machines, in order that the children may have the advantage of this modern means of study.

The department has a catalogue of over 3,000 films and 70,000 slides. Service will soon be inaugurated and the visual education will soon be available to principals in the schools. This will enable the teachers to give this in-

struction with films furnished gratis. An interesting pamphlet has recently been published by E. C. Waggoner, head of the department of Physical Science of the Elgin schools. It briefly tells of the results of a five-year survey of the use of talking pictures.

Mr. Waggoner is allotted time to address certain conferences upon arrangement made by any local group in advance of scheduled programs.

VIOLINIST GUEST AT HOME OF MRS. C. REID

Morton Carmack, a violinist in the Chattanooga, Tenn., civic orchestra, is spending several weeks in this vicinity. He has been visiting with relatives in Greene county, and is spending a few days at the home of his aunt, Mrs. Clarence Reid.

Carmack is the son of the former Miss Daisy Campbell of Roodhouse.

Probate Court Orders

Estate of Jennie Cox—Inventory approved.

Estate of Gertrude E. Hosp—Petition to omit appraisement allowed.

Estate of William Mallicoat—Hearing on petition to probate will. Entry of appearance of all heirs, legatees and devisees. Evidence heard and will admitted to probate. Petition for letters testamentary allowed. Bond waived. Letters ordered to issue to Edward and Clarence Mallicoat.

Estate of Catherine Seymour—Petition to sell personal property at private sale allowed.

Indians Thrash Browns 5 To 3

St. Louis, Aug. 9.—(P)—Eighth and ninth inning Brown placed men on base but counted only one run today, and the Cleveland Indians defeated St. Louis, 5 to 3.

Mel Harder who was credited with the victory, gave nine hits, and was effective in the pinches, but in the ninth after singles by West and Hemsley, was removed.

In the eighth inning, with the bases filled and two out, Harder forced Moose Solters, hard hitting Brownie, to foul out to Hale.

The Indians scored once in the second, fourth and eighth, and twice in the third.

Myers Brothers Win Third Game In Week

Hits And Errors Give Them Five Runs In Second To Assure Win

Making themselves extremely dangerous company, the Myers Brothers team of the Tw-Light League finished up the week by polishing off every one of its opponents, making the Icemen their last victims by a 7 to 1 score. The Glosters defeated the Morgan Aces in a play-off of the first half season tie score, and won from the Smith Indians in a regular league game.

Two pitchers were the victims of the Glosters attack Friday afternoon, the Myers Brothers laid taking advantage of errors with timely hit to capture the decision with a five run spurt in the second inning. Pitcher Ike Flynn held the Icemen in check, allowing six hits out keeping them scattered while his teammates turned in a perfect fielding record.

The Icemen bunched two hits in the third, one of them Carl Smith's double, to score their only run. The Icemens had three errors marked up against them in the second, while the Glosters were registering three singles. Johnny Bunch's double started another score in the third, and Ike Flynn's triple resulted in another run in the fourth.

CLARA J. RAPP PASSES AWAY

Widow Of Thomas H. Rapp Dies At Home Here This Morning

Mrs. Clara J. Rapp, widow of the late Thomas H. Rapp, well known business man of this city, passed away this (Saturday) morning at 12:15 o'clock, at her home, 350 South East street. Mrs. Rapp's death followed an extended illness.

The body was taken to the Williamson Funeral Home. Funeral arrangements are incomplete.

AWAIT CONGRESS' ACTION ON "TOM THUMB" COIN BILL

Washington, Aug. 9.—(P)—State and government officials today sheathed weapons they had drawn in the sales tax token controversy and awaited congressional action on a "Tom Thumb Coin" bill.

The apparent lull followed declaration by Attorney General Cummings that no federal action would be taken against states accused of using illegal tax tokens until congress has ruled on the Roosevelt-Morgenthau plan for federal coinage of one-mill and five-mill pieces.

Previously, treasury officials telegraphed warnings to Illinois, Missouri, Washington and Colorado that use of state-made sales tax tokens in making change would make the pieces "coins" and therefore violate constitutional rights of congress to control coinage.

States have held that their tokens are not used in purchasing merchandise and so can not be classified as "coins."

Among the Franklin callers in the city yesterday was Robert Gibson.

RODEO AT NEW BERLIN Every Sun., 2:30. Fish fry and free dance every Sat. night.

ACE FLYERS IN BENDIX TROPHY RACE

Howard, Rossi, Cochran, Turner

Breese, Allen, Ortmann, Hughes

Nine and possibly more of the world's greatest speed flyers, one of them a woman, will take off Aug. 30 in the great classic of the National Air Races—the Bendix Trophy, with a \$7500 cash value.

Starting at dawn from Los Angeles, they will race to Cleveland, O., where the premier aviation event again will be held, and the leaders may continue to New York, in an effort to break the transcontinental record of 10 hours 2 minutes. First nine to enter are Roscoe Turner, 1934 winner; Cecil A. Allen, Earl Ortmann, Benny Howard, Jacqueline Cochran, New York sportswoman; Vance Breese, Howard Hughes, film producer; Maurice Rossi, French ace; and an "unknown" French pilot.

Damage In Ohio Is 5 Millions

State's Worst Flood Since 1913 Passes Crisis; Fair Weather Breaks More Than Week Of Violent Rains.

RIVERS FALL

Zanesville, O.—(P)—Ohio tabulated damage approximating \$5,000,000 today as the state's worst flood since 1913 passed its crisis.

The estimates, which were unofficial, were based on reports of the state highway department and agricultural agents.

As fair weather broke more than a week of violent rains, the Muskingum river, center of the flood, reached a crest of 33.5 feet, 8 above flood levels, and then began to fall. The Hocking, Tuscarawas, and Licking rivers also were falling.

The state health department rushed three engineers into the area to aid in restoring water supplies through Holmes, Carroll, Tuscarawas, Coshocton, Guernsey, Muskingum, Wayne, Stark, Perry, Morgan, Hocking, Noble and Athens counties. Their job was to make sure that disease does not creep up on the flood sufferers to increase the toll of five known dead and one missing.

Mr. and Mrs. O. W. Gould of Franklin were visitors in Jacksonville yesterday.

PIRATES BLANK Redlegs 1 To 0

Pittsburgh, Aug. 9.—(P)—Rookie Bud Hefey, who is batting at a .143 gait, lined a drive over the scoreboard today for a home run to give Pittsburgh a 1 to 0 triumph over Cincinnati.

The hit by the nephew of the once great "Chick" Hefey came in the eighth inning of a hurling duel between Bill Swift and young Albert Hollingsworth, Red southpaw. It was his second home run since he joined the Pirates about two months ago.

Score:
Cincinnati 000 000 000-0 4 2
Pittsburgh 000 000 01x-1 7 0
Hollingsworth and Campbell; Swift and Padden.

ILLINOIS CENTRAL Train Is Bombed Near Springfield

Springfield, Ill., Aug. 10.—(Saturday)—An Illinois Central locomotive and six freight cars were reported blown off the tracks when the engine was believed to have struck a bomb planted in the right-of-way three miles south of here early today.

Residents in the vicinity reported three members of the train crew were injured.

HOLD FINAL RITES FOR DR. G. W. CRUM

Funeral services for Dr. George W. Crum were held Friday afternoon at 2:30 o'clock at the Union church in the north part of the county, in charge of Rev. C. C. Keur, pastor of the Concord M. P. church.

Music was furnished by Miss Katherine Thompson and Mrs. Lee Brainer with Miss Jane Ater at the piano. The flowers were cared for by Lorene and Wilma Witte and Rosella Gibbons.

The pall bearers were Lee Skiles, Will Parlier, Richard Lowe, Horace Bergen, Clarence Thompson and William Witte. Burial was in Union cemetery.

Wells Oilers Clean Larsons By 11 To 4

Keep Up Steady Bombardment To Get 15 Hits In Four Frames Of Contest

Wells Oilers turned the tables on the Larsons Cleaners in a Tw-Light League game Friday in the Nichols Park diamond, keeping up a steady tattoo of hits to get 15 in four innings, along with 11 runs, while the Cleaners found it difficult to get four runs on 11 safe blows.

Although he was tapped for 11 hits, M. Pool tossed out ten Larsons men before they became base runners. He did not give a free ticket to first base, while Bud Lair, the Larsons tosser, gave only one.

Daddy's a Big Man Now

"Twas a happy family gathering at the Steve O'Neills in Cleveland Heights after the former catcher and coach was named to succeed Walter Johnson as manager of the Indians. Here's the jovial Steve reading a message of congratulation while Mrs. O'Neill, left, and three daughters look on. The young women are, left to right, Madyne, 19, and the twins, Rose and Olive, 15.

Dokay Drum Corps Ready for Trip to Toronto Gathering

Jacksonville and Roodhouse Men Leave Sunday; Scott Goes as Delegate

A Jacksonville-Roodhouse delegation of nineteen men will leave early Sunday morning by train and automobile for Toronto, Canada, to participate in the biennial International Convention of the D.O.K.K. Most of the delegation are members of the famous Roodhouse D.O.K.K. Drum and Bugle Corps, which will compete for prizes in the convention contests.

Jewell E. Scott of this city will go as official representative of Roodhouse Temple No. 62, taking the place of the regular representative, Lee Stice, who is ill. H. V. Spainhower of Jacksonville, also will make the journey as a member of the drum and bugle corps.

Roodhouse Dokays hold membership in the Jacksonville temple, and have won wide recognition for their excellent drill work. They attended the Chattanooga convention in 1921, and Winnipeg convention in 1923.

The drum and bugle corps has been coached this summer by Donald Hamilton, bandmaster in Roodhouse high school. Its members are well drilled and are expected to make a strong bid for valuable prizes at Toronto.

Roodhouse men making the trip are William Fenton, Otis Gibbons, Jesse V. Hawk, Sr., Richard Hopkins, C. E. Molvers, Robert Shaw, Jesse V. Hawk, Jr., Roy C. Frazier, Emory P. Coffman, Darrell Ludwig, Verda K. Gibbons, Delos Craig, Eugene Maddox, John Strang, Andrew Witty, Glen Lewis and Edward Ballard.

The delegation will leave at 3 a. m. Sunday, arriving in Toronto sometime Monday. The convention opens next Tuesday and continues to Friday.

While members of the Roodhouse K. of P. lodge, and of Roodhouse Temple of Jacksonville, the drum and bugle corps maintains an organization of its own. Jesse V. Hawk is president and Otis Gibbons, secretary-treasurer of the organization.

Springfield, Ill.—(AP)—Mrs. Carl J. Riefler today was awaiting word from a New York City bank on the value of a \$1,000 check given her by an elderly hiker.

Mrs. Riefler saw the man passing her home and thought he appeared tired. She invited him to sit in the shade and have a cool drink of water. Apparently surprised but pleased at the courtesy, the traveler accepted. When he left he thrust a piece of brown wrapping paper in her hands. On the paper was drawn a check for \$1,000 on a New York bank, signed with the man's name and address. A short time later Mrs. Riefler hurried away in her car in search of the stranger, finally she found him but he refused to take back the check, urging her to cash it.

Her banker sent the check with a letter of inquiry to the bank on which the check was drawn, seeking to determine if the paper was negotiable. She refused to divulge the man's name.

Mrs. C. O. Nichol and Mrs. Ray Nichol of Concord were among the Friday shoppers here.

Fred C. Brainer represented the Arenville community in Jacksonville yesterday.

ACCUSES HORNER

Ottawa, Ill.—(AP)—Speaking at a Republican rally in Starved Rock park last night, State Senator William J. Lyons, Mundelein Republican, charged that Governor Henry Horner "stood on impenetrable ground" as a result of his handling of the Illinois relief situation.

Horner, Lyons charged, deliberately withheld from the state legislature the Doering report, which recommended abolition of the relief commission in its present form, until after the lawmakers had voted to continue the commission.

This is the STORY of Thomas McFly

Whose last just expired the first of July.

These are his shoes (just picture his feet) The result of six weeks of pounding the street.

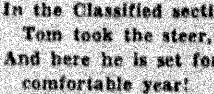

Hunting a home at one-fifty a year, Here's what he found—and isn't it queer?

He almost bought this in sheer desperation. It really belongs on a slum reservation.

Poor Thomas just didn't know which way to turn Till a friend told him "Tom there are values to burn in the Classified section!" So Tom took the steer, And here he is set for a comfortable year!

One Murder; Police Unearth Two Bodies

Nebraska Officials Baffled by Abundance of Corpses

Lincoln, Neb.—(AP)—Nebraska authorities today wistfully recalled murder mysteries where no corpus delicti ever was found and pondered the latest mystery in which they have more bodies than they know how to explain.

Fred Frahm, serving a 10 year term in the Nebraska penitentiary in connection with the death of his brother, John, a wealthy Glendale, Ariz., oil operator, seven years ago, apparently had the key to the mysterious case which has had officers counting on their fingers for a week, but he told conflicting stories.

The case excited moderate attention until early in 1934, when a body, identified then as that of John Frahm, was dug up in Garden county. On the basis of that corpse, Fred Frahm was convicted of manslaughter.

Last week, after six months in prison, Fred Frahm drew a map and handed it to State Sheriff Fred Benton. Cheyenne county authorities guided by the map went to a deserted spot near Sidney, Neb., and dug up another corpse. Fred Frahm claims the body is that of John Frahm and maintains the other one was "planted evidence."

Fred Frahm told Benton and County Attorney P. J. Heaton of Cheyenne county several conflicting stories, then clamped his mouth shut and called for his lawyer, C. L. Baskins, of North Platte.

Baskins told his client he was lucky to have drawn only a 10 year sentence and went back home. Then Frahm issued a signed statement his brother had been killed by a hit and run motorist Nov. 9, 1922.

Students Register For Ashland Term

Seventy-eight Have Made Plans to Enter H. S. Work This Fall

Ashland—Registration for the coming year was held at the Ashland Community High school Monday and Tuesday. Twenty-five freshmen were entered, 78 students in all thus far. Final registration dates will be August 29 and 30, and school will begin September 2nd. The enrollment last year was 119 and is expected the final registration will exceed that number.
